

KS2 Curriculum Overview

Year Group: 6

Topic: Fair Trade

Term: Spring 1

Subject:	We are learning about:
Religious Education	The Story of the People of God: During this unit of work, we will be exploring the structure of the Bible and the different types of writing that can be found within it. The focus will be upon the Old Testament and the events that happened within the Testament. In particular, we will study the character of Moses and the how he helped the people of God. This term, we will be focusing on the gospel Virtues: Eloquent and Truthful.
Maths	This half term, the children will be moving onto percentages. They will recap steps at the beginning of the block to ensure a good understanding of numbers up to three decimal places. They will build on place value work in the Autumn term and make use of place value grids and counters to build on previous learning. They will be learning how to multiply and divide decimals as well as recapping their previous fraction knowledge. The children will then be moving onto measurement; converting units of length, mass, volume and time.
English	Fiction: Discuss the audience and purpose of story writing. Discuss the works and accomplishments of William Shakespeare. Read 'Macbeth' and explore different versions of the play – how do the actions and behaviours affect characters? Children to plan and write a piece discussing the role of the characters within the story and how responsible they were for the events Non-Fiction: Read examples of persuasive writing – link to topic Fairtrade. Study the conventions and features of persuasive writing through annotating and labelling existing texts e.g. posters, adverts, letters. Write a persuasive letter encouraging people to use Fairtrade products.
Science	Describe how things (plants and animals) are classified into broad groups according to common observable characteristics. Classify plants and animals into groups and explain the reasons for why they have been classified into these groups.
Computing	The children will use explore computer networks and how information is communicated. They will explore the difference between the internet and the World Wide Web. They will begin to explain how information on the World Wide Web travels.
Spanish	During Spring we will be learning vocabulary related to professions, forming opinions on future careers as well as asking and answering simple questions related to this topic. We will learn to use some irregular verbs, identify the formation of singular and plural nouns and adjectives. We will study a Spanish artist relating their work to the language taught.
D&T	The children will design and create food dishes that use Fairtrade products to make a Fairtrade fruit pizza. They will calculate the cost of their design and evaluate the product they have made. Next, we will discuss the seasonality of ingredients and say whether an ingredient is grown, reared, caught or processed.
Art	The children will use an artistic vocabulary to discuss pieces of artwork by Brian Forrest and create an imaginative piece of work from a source. They will incorporate the Fairtrade Mark into a piece of artwork.
Geography	The children will locate countries where Fairtrade products are produced on a world map, for example, Ghana produces bananas and cocoa comes from the Dominican Republic. They will describe their position in the world and use the eight compass points confidently.
History	The children will discuss the history of Fairtrade – how it came into being and the events that led to its foundation. We will then explore the Fairtrade Mark – the logo of the organisation and explain the symbolism behind the colours and the images used.
Music	The children will name some instruments traditionally used in Africa, for example, the djembe (drum), ngoni (guitar), shekere (rattle), balafon (xylophone) and kalimba (wooden board with metal tines to pluck). Whilst listening to pieces of music, they will identify some of the features of African Music, for example call and response, master drummer and ostinato (short repeated melodic phrase). The children will need to use a musical vocabulary to talk about a piece of music and make comparisons between pieces of music.
PE	The children will take part in Invasion Games – they will learn the rules of these games and practise working together as a team. They will explore tactics and how to work as part of an attack or defence. They will explore the importance of warming up their body in preparation for activities.

Year 6 Spellings ~ Spring 1

Week 1	Week 2	Week 3	Week 4	Week 5
Test: 12.01.24	Test: 19.01.24	Test: 26.01.24	Test: 02.02.24	Test: 09.02.24
