FOREWORD

I welcome warmly the publication of 'Learning and Growing as the People of God'. I do so because it underlines the importance of the task of exploring and handing on Catholic faith within the generations of family and Church life

This document is the curriculum strategy for Religious Education in Catholic Primary Schools in the Archdiocese of Birmingham. It lays out clearly the steps to be taken in RE at each stage of every term in the Nursery and Primary Years. For the schools it is an essential guide and norm. For families and parishes it makes clear what is being tackled in the RE classes. It provides, therefore, the foundations for improved partnership between school, home and parish, a partnership that lies at the heart of Catholic Education.

Teachers, I know, will welcome this document. It presents them with clear expectations and rich guidance. Much in this document is challenging; and rightly so. Good teachers will know how to select and adapt material so that it suits the children in their care. There is plenty of good classroom material to choose from, in pursuit of this curriculum strategy.

I thank all who have worked hard to produce 'Learning and Growing as the People of God' and I warmly commend it as a document essential for the future of RE in this Archdiocese.

INTRODUCTION

“The task of handing on the faith to future generations is both the privilege and responsibility of the local Church. Its primary purpose is to bring young people to a personal relationship with Jesus Christ. Catechesis aims to draw people into discipleship. Discipleship must always involve not only a personal encounter with Jesus Christ, but a knowledge of Scripture, of what has been declared in the Creeds and defined by the Church.”¹

So Cardinal Hume would introduce the preface to the Curriculum Directory and this remains the context for contemporary RE in Catholic schools. Since the Second Vatican Council, the Church has reflected anew on its catechetical and educational mission both universally and nationally. Through her teaching at the Council, encyclicals and locally, the Church has reflected on its task of handing on the faith to the next generation and helping to form religiously literate young people. There is continuity between the four constitutions of the Second Vatican Council, the Catechism that was published in 1992, the Curriculum Directory in 1996, Diocesan Curriculum Maps in 1997 and this Curriculum Strategy. The first two articulate and reflect theologically on what we as a community have received and believe. The last three attempt to order them so that teachers can share them systematically and progressively with pupils. The four areas of study listed below provide the keys to the Catechism, Curriculum Directory and this strategy:

AREA OF STUDY	CONTENT	SOURCE
Revelation	God's Self-Revelation	<i>Dei Verbum</i> <i>Catechism</i> Part One: The Profession of Faith
Church	Communion of life in Christ	<i>Lumen Gentium</i> <i>Catechism</i> Part One: The Profession of Faith
Celebration	Living the Christian Mystery in worship and prayer	<i>Sacrosanctum Concilium</i> <i>Catechism</i> Part Two: Celebration of the Christian Mystery Part Four: Prayer
Life in Christ	The search for holiness and truth	<i>Gaudium et Spes</i> <i>Catechism</i> Part Three: Life in Christ

Pupils have a right to receive authentic Church teaching and to have a curriculum that draws them into a systematic study of the saving mystery of Christ, which the Church proclaims². This strategy tries to secure the link between what the Church teaches and the classroom by supporting teachers'

short, medium and long term planning. The experience of inspections has shown us that pupils' understanding of the Catholic faith and tradition does not always grow commensurately with other subjects. The skills that they learn in other literary subjects can be applied to RE and pupils should be encouraged to investigate the faith with the same enthusiasm and rigour as other subjects. For RE is never simply one subject among many, but the foundation of the entire educational process. "The beliefs and values studied in Catholic RE inspire and draw together every aspect of the life of a Catholic school...Pupils have a right to receive an overall education which will enable them, in the light of the faith of the Church, to engage with the deepest questions of life and find reasons for the hope which is within them."³

In many Church documents, RE is described as the core subject. It must, therefore, be of a quality to engage pupils' intellect, heart and imagination. This strategy aims to provide a curriculum that will address all three and make RE enjoyable to study. In this way RE will remain a beacon of excellence and contribute significantly to the "catechetical task of the whole school." For some in the classroom, RE will be received as catechesis, deepening and enhancing their personal faith; for others it will be evangelisation, the first time that they will have been presented with the main truths of living faith. However, for all pupils it will be educational, covering a systematic study of Catholic faith and life. Although its educational focus will be formed and enhanced by the vitality of faith, the criteria by which the subject is assessed are educational⁴. To this end, in the months and years ahead RE must be resourced sufficiently to meet the breadth of this strategy.

Finally, to thank Fr. Jonathan Veasey, the co-authors of this Strategy and those who will use it in schools across the diocese. Through your combined ministry, the young Church will come to know more about their identity, purpose and fulfilment⁵ and be guided to that eternal moment where "hope and history rhyme"⁶.

UNIT A

CREATION – GOD’S GIFTS

ABOUT THE UNIT

Develops the idea of creation to include the children’s gifts and talents as God given. To know that the Bible is God’s book.

WHERE THE UNIT FITS IN

Builds on the Nursery unit of God the Creator. Where children have not attended the nursery elements of the nursery unit need to be included here.

PRIOR LEARNING

It is helpful if the children have covered the nursery unit or work on Creation.

SKILLS

Speaking, listening, observation, art, music, cutting and sticking.

VOCABULARY

Bible, God, creation, gifts.

ASSESSMENT

At the end of this unit:

Most children will be able to recall parts of the story of creation using pictures and captions. Recognise gifts they have which are God given.

Less able children will be able to recall with pictures parts of the creation story.

More able children will be able to play an active part in the liturgy. They will know that the creation story comes from the Bible which is God’s book.

PROGRAMME OF STUDY

TEACHING STRATEGIES

R3 Observe beauty, detail and order in Creation.

- Introduce the topic with photographs and objects from the created world.
- Hold a “show and tell” session.
- Recall Nursery work that God our Father made everything and everyone who lives in the world.
- Children to name something created and describe one feature about it (e.g. “God made trees.They are tall.”)

R4 Hear in Scripture the story of creation as God’s work.

- Children to hear the story of creation from the Bible.
- Explain to the children that this is the special book of God which we show great care and respect for. Help the children to develop a special sense of awe and wonder about the Bible. Explain to the children that the story of creation is the very first story in the Bible.
- Read the story of creation with pictures and find parts for the children to join in with.
- Retell the story in words or song. Ask the children to tell you what is their favourite part of the story.
- Children and the teacher to choose parts of the story to represent in paint, pen or crayon. Write a label or caption.
- Reflect with the children about what their paintings tell them about God’s care and love for the created world.
- Explain to the children that we call God who created the world Our Father. Revise work from the Nursery on the Sign of the Cross. In the Name of the Father (who made us).

L2 Hear about signs of God’s care and blessings in creation.

L4 Develop self esteem and respect for others.

C1 Take part in celebrations which express thanks and praise.

C8 To use their own words for prayer.

R5 Investigate and recognise their gifts and growth.

- Talk about the things they can do. Look at photographs and pictures of children doing lots of different things (e.g. playing, smiling, running, jumping , listening, etc.)
- Ask the children some questions. Who is good at running? Who is good at smiling? Who is good at sitting still? etc.
- Explore with the children that they have individual gifts. They are part of creation and they can use these gifts they have been given.
- Talk to the children about some people using their gifts in the service of others. Use colour magazines or newspapers to discover examples of people helping others or using their gifts.
- Cut these pictures out to make a collage.

- Explain to the children that it is really important to thank God our Father for our gifts, but also for the gifts that God has given to other people that are different from ours.
- Children to think about people in the class with different gifts (e.g. blue eyes, brown eyes etc.). Reflect on these differences as gifts from God which we must respect and show care to people who are different from us.
- Remind the children of the story of creation and God making everything very good. Introduce them to some other scripture about God loving and protecting his creation (e.g. aspects of Psalm 139).

PROGRAMME OF STUDY

TEACHING STRATEGIES

R6 Hear and become familiar with the main events, characters and places in the life of Jesus.

- Teach simple carols, e.g. Away in a Manger to join in with at assembly, Mass or class based collective worship.
- Reflect with the children on some of the words of these carols. What do they tell us about the birth of the baby Jesus.
- Use some mime and actions for some of the carols.

- Hear the story of Christmas about the birth and the shepherds prior to Christmas.
- Share the story of the birth of Jesus through a variety of forms of media. Use pictures, card cut outs of the different characters and create a “story sack” with props in to tell the story.
- Provide the children with an opportunity to use the “story sack” and other resources to retell the story.

- Have you ever been somewhere and found that there was no room? What would it have been like for Joseph and Mary? Do you think they might have been afraid? Why?
- Children to imagine that they had been around at the time of the first Christmas. Would they have liked to be on the hillside with the shepherds or at the stable?
- What would you have thought and said when you got to Bethlehem and saw the baby Jesus? Help the children to describe the scene in the stable.
- Would it be easy to be a shepherd? What would the shepherds have thought when they saw the angels in the field?

- Explain to the children that the story began when Mary said yes to the angel.
- Children to think about occasions when they have been asked to do something important.
- What do we say? Do we always say yes?

- Provide pictures for the children so they can sequence the Christmas story.
- As a class, compose sentences to tell the story. More able children might record some of the feelings of the characters.
- Consider making a tape recording or a video of the children’s thoughts about the Christmas story and why it is so special to them.
- Children are likely to be involved in Nativity plays of this time. Consider using costumes for role play so that children can experience alternative roles to their own.

- Introduce the children to the crib’s being an important symbol and focus for the season of Christmas.
- Hold the different figures and tell the children the story of Christmas as if you were the character.
- Some children might want to have a go at this as well.
- Create a special prayer liturgy focused around the crib. Hold a ceremony of blessing.
- It would be wise to tell the story of the Wise Men after the holidays.

C1 Take part in celebrations, which express thanks and praise.

R6 That Jesus is the Son of God; that Mary heard God and said yes; that the cross is the sign of Jesus' love; that Jesus promised to send the Holy Spirit; that the Bible is God's book.

- Know parts of the story of Jesus' birth Know that he was born in a stable in Bethlehem.
- Understand that his birth was very important because he was the Son of God.
- Be able to empathise simply with some of the thoughts and feelings of the characters involved.
- Be able to sing simple songs, re-enact parts of the story and sequence simple pictures with captions.

PROGRAMME OF STUDY

TEACHING STRATEGIES

Ch2 'Church' as 'a house of God' where people gather.

Ch3 Ways in which a Christian family and parish share and celebrate life and show care for one another.

R6 Hear and become familiar with main events characters and places in the life of Jesus.

- Recall with the children previous work on families. Our families are very special.
- Think about broader concept of family beyond their own home, e.g. class family, school family.
- The gathering place for God's Family is the Church.
- Revisit with the children photographs and pictures of God's Family coming together to celebrate in church. Recall some of the things that are happening in the pictures.
- Explain to the children that just as people at home have jobs to do there are jobs which people do at Church (e.g. reading, collecting money, singing in the choir).
- Revisit photographs and pictures of a Baptismal ceremony.
- Explain to the children that at Baptism they were welcomed as members of God's Family.
- Explore children's experience of being welcomed.
- Recall nursery work on Baptism where the focus was on water. Why is water important to us?
- Create a simple role play of the Baptismal liturgy using the symbols of water, the words of pouring, mums and dads and Godparents, etc.
- Explore the importance of the giving of a name at Baptism. Reflect with the children that each of us has been called by God by name. Children to learn that their first name is their Christian name, because they belong to the Family of God through Baptism.
- Introduce the children to the Baptismal Candle.
- When do we need light? Why is it important?
- Play Blindman's Buff and discuss experience and feelings of not being able to see. Relate this to night time/being somewhere dark. How do we feel when the light comes on?
- Jesus said "I am the Light" Jesus was trying to tell the people that he would be there to care for them and keep them safe Simplify words from Baptismal service which refer to receiving the Baptismal Candle.
- Ask the children to bring into school their Baptismal Candle if they have one and any photographs of their Baptism.
- Create a simple role play of the Baptismal liturgy using the symbols of water, the words of pouring, the giving of a special name, mums, dads and God parents, the receiving of lighted candle.

- Begin this unit of work by recalling Nursery work on Pentecost that sometimes things happen but we can't see why (e.g. effect of wind).
- Discuss with children times when they have felt frightened or worried. Why? Circle time – "I felt worried when"
- Explain to the children that this was what happened to Jesus' friends when he went away.
- Introduce the story of Pentecost by thinking about the disciples locked in the upper room sad and afraid because Jesus had died.

- Hear the story of Pentecost in a simple form.
- Focus on feelings of the disciples before they received Spirit and after wards.
- Use music and movement as a way of expressing the different thoughts and feelings of the disciples.
- Create a simple Pentecost dance using powerful classical music for the wind and the fire.
- Ask the children to recall the time somebody in their family made a promise to them. What was it like when it came true?
- Explain that Jesus had promised to send the disciples the Holy Spirit and that on Pentecost day they remembered that Jesus kept his promise.
- Sequence story of Pentecost using pictures. According to ability write accompanying sentences as whole class/groups or individually.

C1 Take part in celebrations which express thanks and praise.

- Explore with the children some of the things that happen in church for Pentecost.
- Revise from Nursery the colour of the feast day and reasons why red might be chosen.
- Revisit the sign of the cross and remind the children that we remember the Holy Spirit every time we use our special sign at prayer.

EVALUATION

Which areas of planning need to be developed/adapted next time?

What needs to be revisited/developed in a later unit?

ABOUT THE UNIT

In this unit the children will learn about some of the reasons why Christians pray. They will learn about some styles of prayer and be able to reflect on some of their experiences of prayer during the school year.

WHERE THE UNIT FITS IN

The unit builds on children's experience of prayer since coming to school. It also serves as a foundation for further work and reflection on prayer in Year 1 and Year 2.

PRIOR LEARNING

It would be helpful if children have:

- some experiences of prayer from their celebrations of the liturgical year.

SKILLS

Listening, discussion, sitting still, writing, speaking and listening.

VOCABULARY

Prayer, talking, praise, thanks, Our Father, Hail Mary.

ASSESSMENT

At the end of this unit:

Most children will know that prayer is an important form of communication with God. They will be able to recall some forms of prayer and say why they are important. They will take part in some in prayer liturgies and write some prayers of praise and thanks.

Less able children will take part in prayer liturgies and know that prayer is a special time for people to spend with God.

More able children will be able to explain in their own words why prayer is a special time with God. They will be able to think of some reasons why Christians praise and thank God. Children will be able to take part in liturgies using different styles of prayer.

PROGRAMME OF STUDY

TEACHING STRATEGIES

C1 Take part in celebrations which express thanks and praise.

C7 To hear, use and join in prayers from Scripture and Tradition.

C8 To use their own words for prayer.

- Set up role play area to include telephone, note pads, Dictaphone or tape recorder, message board. As this is in the summer term this could be a travel agents shop.
- Discussion: Their activities centre around communicating with others. Brainstorm words which mean talking (e.g. whisper, shout, chatter, etc.)

- Children hear that the word prayer is the special word that describes the way we talk to God.
- Identify with children prayers that have learned or begun to learn over the year. They say some of these with other children in assembly or with others if they go to church.
- Can they tell when people are praying? What have they noticed people do? Recall actions, words and songs.
- Recall that during the year they have made up prayers alone or with the class. Do they remember them? Were they written down?

- Encourage children at prayer times during this unit to use their own words for prayer in thanks, to ask for help for those who are ill, etc.
- Include favourite hymns learned during the year in song. Begin to encourage children to lead the class in prayer. "Today's prayer leader is"

PROGRAMME OF STUDY

TEACHING STRATEGIES

C7 To hear, use and join in prayers from Scripture and Tradition.

- As the year progresses and the children visit different aspects of their RE programme they will be introduced to a range of formal prayers of the Church. It is important that we help the children learn the words with some accuracy and that we have some opportunities to think about the meaning of some of the words, recognising at the same time that some of the concepts will be very difficult for them.
- Children should be given lots of opportunities to voice and write their own prayers. In each unit of work make time for prayer and for children to lead and make their own prayer of praise and thanks to God.
- During the year there will be occasions when a feast day occurs which is particularly appropriate to this age group.
- It may be a local saint or the name of somebody in the class.
- Take time to check the saint out with other age groups particularly in the same Key Stage to avoid unnecessary duplication.
- Explore with the children the example that the saints set for those who follow Jesus today.

LEARNING OUTCOMES

C7 Of some traditional prayers of the Church, Sign of the Cross, Hail Mary and Our Father.

- Begin to use their own words for prayers to thank God for his gifts and pray for others

- Know that Jesus had special friends called disciples and that he gave them special names.
- Understand that we have been given a special name – a Christian name.
- Begin to think of ways that we can share friendship with Jesus today.
- Know that some of the friends of Jesus are people we call saints.
- Hear and learn a story about some of the saints.

FURTHER DEVELOPMENT

Create displays of words of the prayers the children are learning.

Value the prayers the children write and say. Create class books of the children's prayers.
